[OOTA: Out On The Air](#)

Any location. Any antenna. Any power.

[OOTA](#)

[What's new at DLARC](#)

We have lots of new documents and movies from Milwaukee (Wisconsin) Radio Amateurs' Club. The club has been diligent about documenting its history: they recently sent dozens of documents, images, and films.

[Zero Retries](#)

[A visit to Italy's Begali Keys factory](#)

We accepted the offer and started our trip to Italy with a visit to Brescia, where the company has been producing keys for more than 60 years.

[AetherSDR](#)

A Linux-native client for FlexRadio Systems transceivers.

[ten9876](#)

[KJ4WLC Ham Dashboard](#)

Real-time Amateur Radio data.

[KJ4WLC](#)

[A short and maybe not-so-sweet HF antenna](#)

A lot of information has been posted online recently about very short

portable vertical antennas.

[Ham Radio Outside the Box](#)

My time with Pat...So far

My love for pat has only grown over the past couple of years that I've been using it. Why? Because it's simple and incredibly versatile.

[KC8JC](#)

Hush

An Open Source alternative to VARA-HF.

[Hush](#)

Ham Clock CYD

A stand-alone device that could operate even if the internet is not available.

[KC1ENS](#)
